Where to Start

YOUR FIRST 5 DECISIONS

Decide these five things together before you visit a single venue. Everything else gets easier.

Decide together

1 Our maximum budget

The most you are comfortable spending in total, including a small buffer.

2 Our rough guest count

A range is fine for now. Guest numbers drive the venue and catering cost.

3 Our season or date range

Two or three possible months gives you more venue choice.

4 Our wedding in 3 words

For example: relaxed, outdoor, family.

5 Our top 3 priorities

Where you will spend more, so you know where you can save.

Tip: agree on number 1 before anything else. It settles most later disagreements.
